Enclosure

November 1, 2006

Dear Cedar Valley Communications, Inc. Customer:

For the past several years your local, long distance, DSL and dial-up Internet services have been provided by Cedar Valley Communications, Inc. ("CVC"). It is my pleasure to inform you that our company, iBroadband Networks, Inc. ("iBroadband"), has entered into an agreement to purchase the telephone business of CVC. This transaction will occur as soon as possible after regulatory approvals are granted, which we expect to happen within the next few weeks. Once CVC's business is transferred to iBroadband, we will automatically begin providing the telecommunications service presently provided to you by CVC unless you have cancelled your CVC service prior to that time.

The change in service provider from CVC to our company will be transparent to you. This is because (i) the service provider name on your monthly bill will continue to be Cedar Valley Communications since we plan to conduct business using the Cedar Valley name; (ii) most of CVC's present staff are being hired by us and will continue to serve you from the same office where CVC is now located; (iii) your phone and account numbers will not change; (iv) we will provide you the same services you presently receive from CVC and will do so under the same terms and conditions, including price; and (v) you will incur no additional charges as a result of us becoming your service provider. In summary, I want to emphasize that you will continue to enjoy the great rates and local service you have come to expect from CVC. iBroadband's billing address, telephone numbers and attentive staff will remain the same, allowing us to continue providing you with the excellent service you have grown accustomed to. You need not do anything to become an iBroadband customer and enjoy all of the benefits you now enjoy as a CVC customer.

We want you to know that if you ever have a complaint or concerns about the service you obtain from us, you may call our local customer service number: 903-264-1111; our toll free customer service number: (866) 264-1123; or stop by our office which will continue to be located at 214 S. Palestine, right across from the Sonic in Athens. We will attempt to resolve your problem to our mutual satisfaction even if it relates to something that occurred when service was provided by CVC.

Sincerely,

Broadband Networks, Inc. d/b/a Cedar Valley Communications
